

MULTIHULL NEWS 01/2021

NEEL 43 – N°1 under construction / World-premiere in April 2021 with cat sale

Dear Multihullers,

now, at the beginning of the new year 2021, it's time to look back on the last, exceptional, Covid-19 pandemic dominated, year 2020.

Suddenly everything is different, we delimit ourselves and get together in the pandemic. The world is holding the breath and we are stumbling through a time of global uncertainty. Shipyards close the production halls, delivery dates and travel plans are bursting, ports isolate themselves, long-distance sailors and dropouts sail back together across the Atlantic to the European ports.

And yet this time, which slows down everyday life, also offers us good things. Contemplation sharpens one's view of life, allowing new decisions and innovations. If this applies to us and to the shipyards represented by cat sale, it is worth reporting here.

After almost three decades as a Multihull broker and shipyard representative for eight leading Multihull shipyards, cat sale offers an excellent selection of the best owner-oriented performance Multihulls for long journeys. We would be happy to advise you personally, comprehensively on your way on board. With experience and commitment, we help to find the ocean-going yacht that meets your requirements for a safe life on board in the oceans and to define it in detail according to your wishes. Trustily networked with the sailors, shipyards, designers and constructors of the Multihulls, we work with passion for you.

Let us share your wishes and expectations on your way to Multihull.

News from the shipyards, new design-premieres 2020/2021

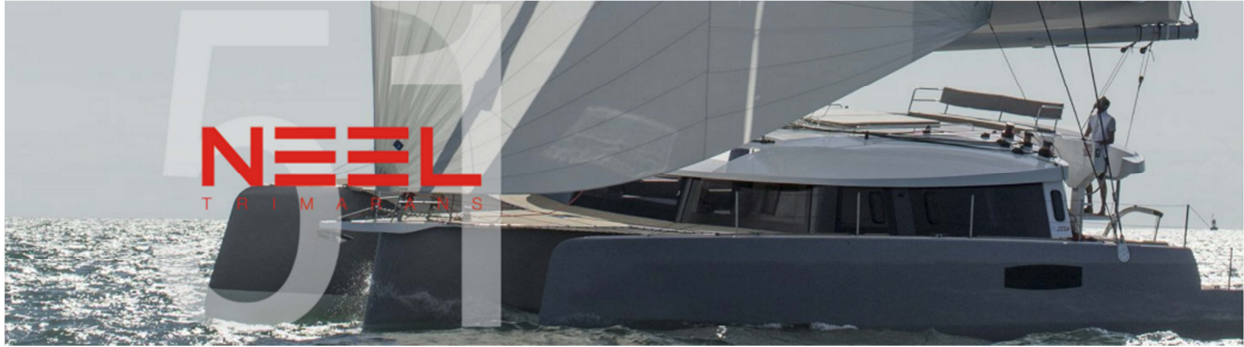

OUTREMER 55 N°1 under sails for first sea trials on the Med with cat sale

“Pike in the carp pond” - **OUTREMER 55**

In January 2020, at the boot-Düsseldorf-Show we celebrated the world premiere of the new OUTREMER 55 design. The basic idea was to bring the renowned flagship 5X to a larger group of long-distance sailors by clever "down-scaling". Thanks to the OUTREMER owner portal, improvements suitable for a safe life aboard at the high seas were introduced. The Design, again developed by Mark van Pethegem / VPLP. The ambitious project benefited from the good cooperation with the OUTREMER associated Gunboat team. The traditional OUTREMER virtues, safety, performance and one-hand suitability, remain as stable DNA in this highly innovative design. 300 nm Etmals in comfort and self-sufficiency set a new benchmark. The interior design by Frank Darnet, offers a free-standing kitchen block with a 360° all-round ocean-view as the center of the light-flooded salon. Accessible to the protected cockpit, where two vertically swiveling steering wheels are tilted either inwards, into the cockpit or outwards to the side deck. For the design and construction of the new Outremer 55, extensive studies on the selection of materials with low environmental impact were carried out. For example, the use of reusable infusion devices (silicone foil) and a further optimized energy management on board. The new OUTREMER 55 design sets new standards in terms of sailing performance, handling, living space, ergonomics, light, ventilation and latest reliable technologies.

We will present the December 2020 launched OUTREMER 55 N° 1 at the La Grande Motte Multihull Show 2021.

cat sale is currently overseeing the construction of the OUTREMER 55 N° 3, first under German flag, to be handed over at the end of April 2021.

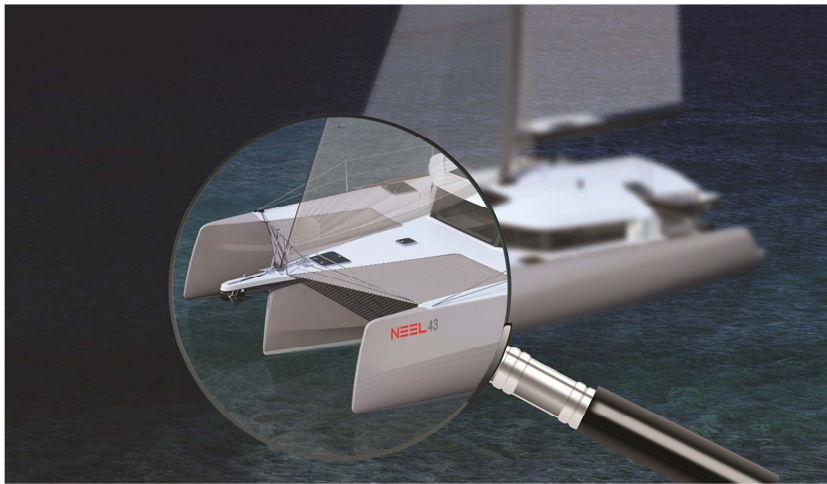

NEEL better performance / better seaworthiness / more livingspace / 4sale at cat sale

NEEL 43 / NEW Model 2020

After the end of production for the most successful NEEL 45 design in summer 2019, we are now introducing the smaller sister, NEEL 43, as a new development.

Length 12.80 m / width 7.40 m / draft 1.50 m / engine: Volvo 47 HP + sail drive
Architect Marc Lombard Yacht Design Group

NEEL Trimaran designs inspire us because of the innovative overall concept and the outstanding sailing ability. Awarded many times for design, performance and innovation as * BestBoat USA *, * EUROPEAN YACHT OF THE YEAR 2019 * and * Multihull of the Year 2019 *. cat sale has represented NEEL Trimarans / La Rochelle since the start of shipyard production in 2010. Where, thanks to the collaboration of internationally renowned Multihull designers, Michel Joubert & Bernard Nivelte, Eric Bruneel and Marc Lombard, the highly innovative NEEL Trimaran designs are created, which ideally combine the spacious and comfortable living space of the Multihull with the Esprit and the sailing fun of a classic yacht. The innovative development of the Trimaran concept continues this year with the redesign of the now smallest NEEL 43 model. The world premiere is scheduled for May 2021 in La Rochelle.

New developments in compact-class below € 250.000,-

Broadblue 346 as well presented at the Multihull-Show mit cat sale

The Broadblue 346 cruising cat designed by Darren Newton with the Dazcat design office is built in Szczecin / Poland and combines modern design with English style and well-founded Polish boat construction. With a length of only 10.2m, this catamaran offers excellent sailing performance. Designed for a maximum of six people in two double cabins aft and two single cabins in the bows, the interior proves to be extremely voluminous and comfortable even on long voyages. Class A certified for deep sea sailing with a wave height of more than 8m, as well as, due to the compact width, suitable for inland areas and lock passages, this catamaran offers a huge potential for use.

RAPIER 400 Performance Line by Broadblue, an open concept

The RAPIER 400 design has all the attributes of the classy open bridged deck catamaran. Slim hulls, above-average width and lush sail area, combined with a light, stiff sandwich construction guarantee outstanding sailing performance and the best sea behavior

AVENTURA 37 World-premiere at the La Grande Motte Multihull-Show 2021 with cat sale

AVENTURA 34 / 37 (NEW 2020) / 44 / Power 10 / 14 build in Tunisia

AVENTURA catamarans from Tunisia offer solid boat construction in a modern design at a fair price. From 20' Open Bridge Deck cat to the AVENTURA 44 Ocean Cruiser, which we presented for the first time at the Cannes Show in September 2019, the AVENTURA range varies. Stylish designs, offered by the medium-sized shipyard that her founder, Eric Roger, has now run for more than two decades. In 2020, the renowned AVENTURA 34, nominated for the * EUROPEAN YACHT OF THE YEAR 2019 *, became up-scaled to the new AVENTURA 37, also developed by Lasta Studio.
