

Germany's largest provider of catamarans and trimarans, new & second-hand.

Meet us at the Cannes Yachting Festival 2022

Dear Multihuller,

the next boat Show is just around the corner.

As the 2022 summer-sailing-season draws to a close, the Cannes Yachting Festival 2022 will once again take place on the Côte d'Azur. We will be there to present the multihulls of the shipyards represented by cat sale on warm Mediterranean waters. We look forward to lots of good personal meetings and convincing viewings aboard the Multihulls exhibited. We expect innovative developments and announced premiere-presentations.

From the **06th – 11th of September 2022**, the shipyards will once again be presenting their latest developments, including over 80 multihulls at Port Canto on the Côte d'Azur.

We are looking forward to welcoming you in Cannes on board the multihulls presented by cat sale from the following shipyards:

NEEL Trimarans will present the **NEEL 43** and **NEEL 47** at the Cannes Yachting Festival 2022. The yard will close its most successful year in August 2022 and has added a new design to its fleet with the recently unveiled NEEL 52. A new production building, further new hirings, as well as a steadily growing level of demand are the result of the NEEL Trimarans shipyard's continuing story of success.

Following our recently signed representation of NAUTITECH CATAMARANS in June 2022, we are pleased to be able to present the **Nautitech 40 Open** and the **Nautitech 44 Open** at the Cannes Yachting Festival. There have already been over 40 building orders for the newly presented Nautitech 44 Open. Its little sister, the Nautitech 40 Open, is also in high demand. NAUTITECH CATAMARANS is focusing on the owner-oriented multihull market and will soon present exciting news to this market.

The Aventura shipyard will present the **Aventura 37** and the **Aventura 14 Power** this year. Having already exhibited these designs at the International Multihull Show 2022, and with the Aventura Power 14 being awarded as Multihull of the Year 2022, about fifty new building orders have been drawn and the yard has expanded the production with 80 new employees and new production halls in Bizerte / Tunisia.

This September ITCATAMARANS will present the new **ITA 15.49** in Cannes. After ITCATAMARANS was unfortunately without a catamaran at the International Multihull Show 2022, we are even more excited to welcome interested clients aboard the new ITA 15.49 at this year's Cannes Boat Show.

I am looking forward to exciting hours of informative and personal encounters on board the multihulls, on hand-warm Mediterranean waters in Cannes.

To arrange your appointment and for all questions regarding the Multihulls, you can reach me by E-Mail: **tietze@cat-sale.de** or by phone, also in Cannes: **+49 (0) 176 630 646 22**

Looking forward to meet you under the sun in Cannes, wishing a splendid summer season.

Sunny greetings from Bremen
and welcome on board!

Klaus Tietze and the cat sale Crew
